ELECTRONIC / HOUSE ARTIST & DJ

ARTIST BIOGRAPHY

DJ souza is a New York City DJ built for the space between sunlight and strobe lights: house, tech house, and deep house sets that open warm and close hard, threaded together with nostalgic vocal edits. Influenced by Prospa, Sammy Virji, D.O.D., PAWSA, and Swimming Paul, he reads a room fast and curates on the fly, turning rooftops and clubs alike into a full dancefloor.
